

Olaf Update

Laugh a little, learn a little and take a break from the daily grind

Summer 2005

The newest store in the L&M Fleet Supply chain in Detroit Lakes, Minn.

Another Successful Project

L&M Supply, Inc. - "Quality at a Discount"

L&M Fleet Supply opened its new store in Detroit Lakes, Minnesota, in the spring of 2004. They have been in the retail business for 46 years, with stores across Minnesota in Grand Rapids, Hibbing, Virginia, Cloquet, Bemidji, Park Rapids, and now Detroit Lakes. L&M's growth has been a result of store expansions, product diversity, competitive prices and excellent cus-

tommer service. The company's goal and philosophy is to provide quality products and discount prices with excellent customer service. "Quality at a discount" is the philosophy that continues to drive the growth of the company.

L & M Fleet Supply's new building is a 65,000-square-foot pre-engineered metal building. The concrete floors are trowelled-

in white hardener and the interior structure is painted, making for a bright, open appearance. The project was constructed near a wetland area, so design emphasis was placed on holding and filtering runoff from the parking lot and building. While challenging, the location turned out to be an excellent site.

Olaf Anderson & Son Construction supports the local community by sponsoring a Fargo Girls Junior Olympic volleyball team.

Did you know?

In addition to conventional construction, we represent a number of pre-engineered building systems. We've been nationally recognized by our peers because we have demonstrated exceptional competence in design and construction. Check us out at www.olafanderson.com.
