

# Olaf Update

Laugh a little, learn a little and take a break from the daily grind

Fall 2006

*Bow-string trusses are skylined at the North Dakota State University Health and Wellness addition in Fargo, N.D.*

## Building It Right The First Time!

*“Build it right the first time, and word will get around.”*

**T**hat was our motto back in 1913 and it is what we still live by today. We offer a wide range of services to make sure we do just that—build it right the first time. Olaf Anderson & Son Construction crews are skilled in steel erection, concrete, finish carpentry and rough carpentry. Safety is a top priority, and crews and subcontractors are required to comply with our strict safety guidelines. A safe workplace helps us offer our customer lower costs and less risk.

Remodels, renovations, additions or new construction, Olaf Anderson can get the job done. Contact Jeff Furstenau at 701-237-3605 to get started on your next project.
