

Olaf Update

Laugh a little, learn a little and take a break from the daily grind

Fall 2006

Bow-string trusses are skylined at the North Dakota State University Health and Wellness addition in Fargo, N.D.

Building It Right The First Time!

“Build it right the first time, and word will get around.”

That was our motto back in 1913 and it is what we still live by today. We offer a wide range of services to make sure we do just that—build it right the first time. Olaf Anderson & Son Construction crews are skilled in steel erection, concrete, finish carpentry and rough carpentry. Safety is a top priority, and crews and subcontractors are required to comply with our strict safety guidelines. A safe workplace helps us offer our customer lower costs and less risk.

Remodels, renovations, additions or new construction, Olaf Anderson can get the job done. Contact Jeff Furstenau at 701-237-3605 to get started on your next project.
